### Wacky Science (Ages 5 and up)

You are not going to believe your eyes when you get the chance to create our own fizzy potion, gooey slime, and crystal ball during this wacky birthday!

### Balloon Bonanza (Ages 5 and up)

Blast, hover, and race balloons like never before! You'll be able to build and power up balloon rockets, hovercrafts, and racecars that you can take home!

### Marvelous Mixtures (Ages 5 and up)

"OOH and AAH" when you combine different household ingredients to create your own mini lava lamps, make a ball bounce, and explode a bag!

### Spa Science (Ages 5 and up)

Concoct homemade lip gloss, perfume sticks, and body glitter during your "spa day" with us! Pick your own scents and colors to customize your products!

### Party Animals (Ages 5 and up)

Show-n-tell, *and touch*, with ScienceSouth's most popular pets! You will learn and explore the characteristics and habitats of a snake, tarantula, and much more! Make your own pet firefly or rattlesnake to carry home with you!

### Star Party (Ages 5 and up)

Blast off into space by making straw rockets and bring the sky to your fingertips in our blow-up planetarium! Your party will be out of this world!
